Chapter Four: Monster Overload and the Vertical Limit
Final warning!
I'm telling you for the last time!
There are no demons in the third dimension! No monsters!
If you act crazy again and break something or do anything ridiculous, I'll tear your guts out!
You can't pull that crap in our world!
Got it?!
！？

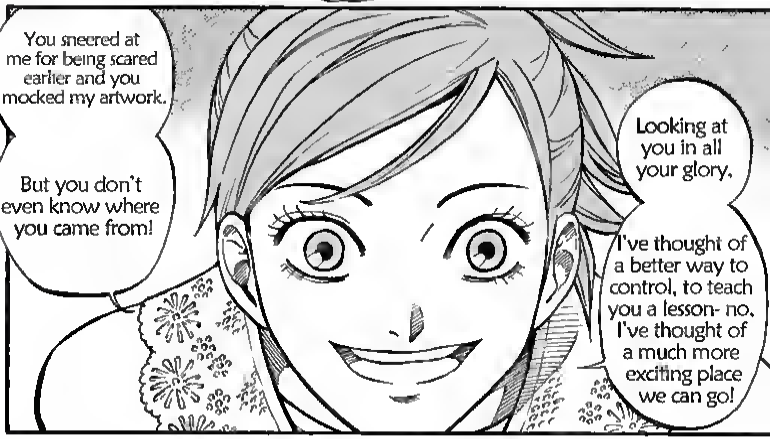
Wow!
Look! There it is!
The city looks like a little model.
I never expected the scenery to be so beautiful!
I never expected the scenery to be so beautiful!
Come check it out!
... What is it now?
Do we really have to be so high?
We were on that roller coaster before, and now this thing that keeps on going up...
What if the wires snap?
You dolt!
So many people ride these things. Nothing could happen.
Just look at you!
Still have the nerve to call yourself a warrior?
Speak for yourself. You were the one running away from the haunted house-
Shut up!

I never gave him fear of heights. Did the process of coming to the 3D world give him a more complex personality?
Then how did you feel scaling precipices and jumping over mountain streams?
Don't you know women hold grudges?
We have to be brave in battle, but still care about our lives...
You don't know what a woman will hold a grudge
What?



You sneered at me for being scared earlier and you mocked my artwork.
But you don't even know where you came from!
Looking at you in all your glory,
I've thought of a better way to control, to teach you a lesson- no, I've thought of a much more exciting place we can go!

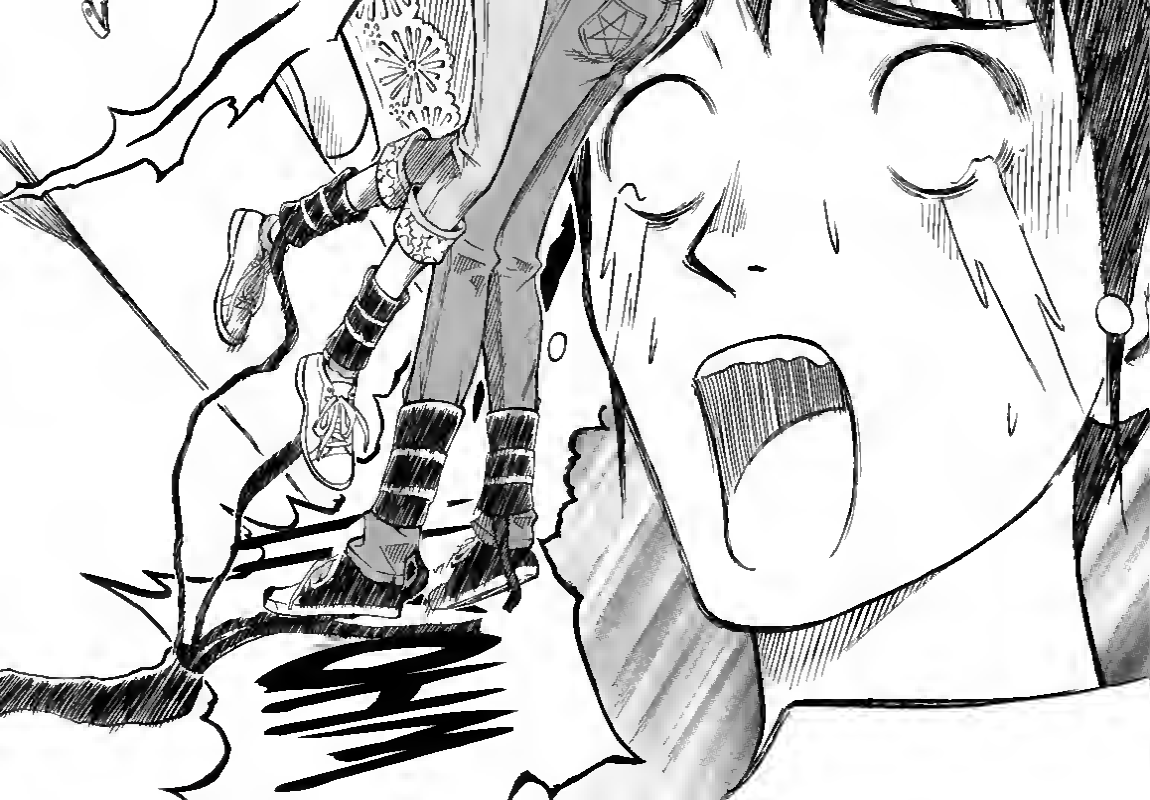
Even though you're smiling and laughing mysteriously,
I kinda feel like...
you don't have good intentions...
La la la.
.....

The view really is better here!
The air is so fresh, too!
But, even still...
did we have to come so high just to look at the scenery?
At least we were in a little cab before. It would be so easy to fall off...

Dummy! This is called getting in touch with nature.
Also didn't you find that cab a little claustrophobic?
But,...
Why are we strapped up to so many ropes?
Silly!
It's to stop you from splattering on the ground! It's a necessary safety precaution.
The wind is so strong
that it's blowing the clouds around
There's supposed to be a typhoon today. Who would have thought we'd see clear skies?
Yeah. The sun's coming out.
BU M M M M
You're so unsophisticated. "Clear skies" sounds way better than saying the sun came out
What's the difference?
I'll test you. Do you know what "clear skies appear when you're safe and sound" means?
Um...
It means when you hear that everything is safe, then the sun can come out and-
Moron!
Ow!

Let me put it in simple terms...
It means when the person you love is well cared for and...
BU M
M M
Ah!
What's wrong this time ?!
I can hear Di Guang casting a spell!
It's definitely him, but....
I...
I can't tell you..
If he finds out we're bungee jumping he'll definitely back out...
It's fine.
Just whisper it in my ear. I won't be mad.
Really ?
Yeah.
Come here and tell me.
Just now, off in the distance I heard ..
Come on, a little bit closer
It was.....
See ya later!
SLAP
Hyah!
Ah!

Ah!
Ooh!
I got it!
Climb up, quick!
CLANG
You suck!
What? This was on purpose?!
Let go!
Let go of meyou evil witch!
Let's drop!
Let's drop!
SWAY
Ah! My grip!
Haha!
Yahoo!
Goddess help me!



AHH

BOING
!!
See?
We're stripped to the rope, so we're fine.
Hehe.
Are you gonna try to take advantage of me? Your nose is bleeding
.....
Isn't yours, too?
!?
Ah
Oh.
This?
I just didn't get enough sleep.
Man.
I'm so dizzy...
Hey!
Did you all go on lunch break?
I'm hungry. *yank*
Actually, somebody should come get us...
To be continued
Oh.
Oh.
